

The Max Planck Florida Institute for Neuroscience

Postbaccalaureate Program

PROGRAM HIGHLIGHTS

- Career Development Workshops
- Grad School Advising
- Attend Conferences & Networking Events
- Laboratory Skill Bootcamps
- Competitive Salary and Benefits

RESEARCH AREAS

- Circuit Function and Behavior
- Computational Neuroscience
- Molecular Mechanisms of Plasticity
- Electron Microscopy

WHO SHOULD APPLY?

- B.A./B.S. in a related scientific field
- Available for full program duration
- Interested in Ph.D. or M.D./Ph.D. programs
- Seeking cutting-edge lab experience

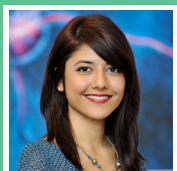

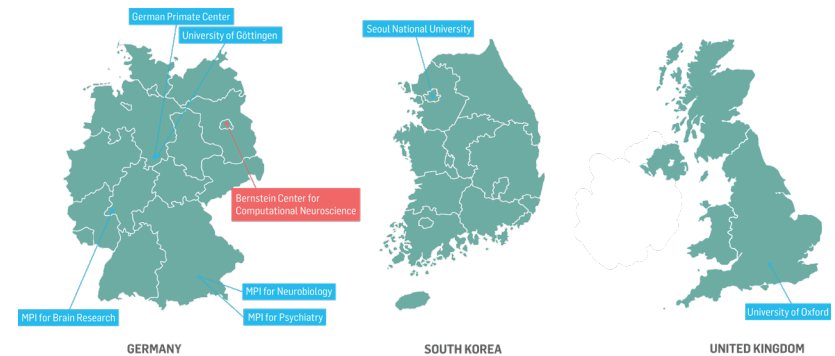

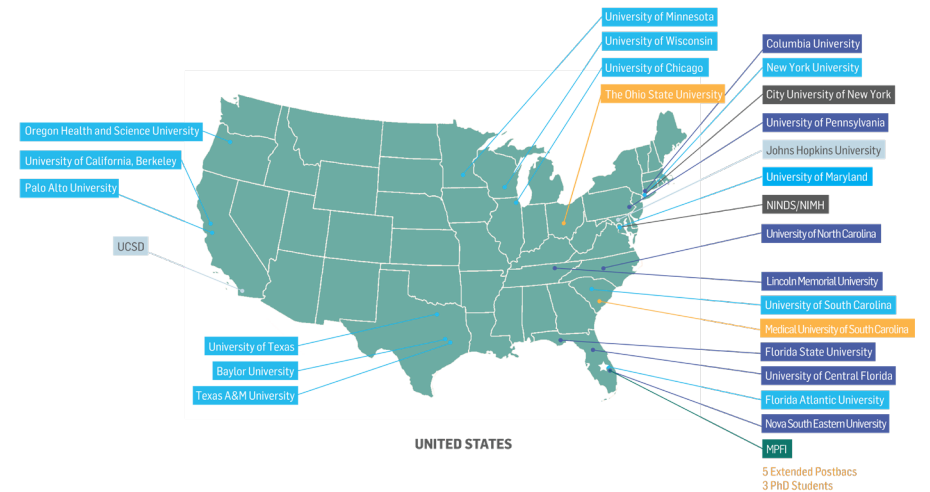

APPLICATION PERIOD: January 1, 2022 - March 1, 2022

PROGRAM PERIOD: July 16, 2022 - July 15, 2023

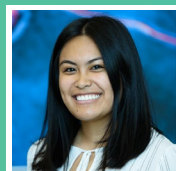

Contact training@mpfi.org for any application inquiries or visit mpfi.org/postbac

MPFI POSTBACS PLACE IN TOP BIOMEDICAL PROGRAMS AROUND THE WORLD

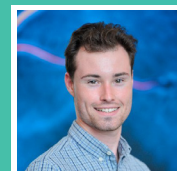

PhD Program	Masters Program	MD/PhD Program
Medical Program	Extended Postbac	Other Career

“Pursue independent scientific projects with genuine mentorship”
-Ellie Hozhabri
NYU Neuroscience Ph.D. Program

“This postbac gave me the confidence to go anywhere”
-Mariah Calubag
UW Madison Cell Biology Ph.D. Program

“Nothing is impossible at MPFI”
-Matthew McCann
MPFI for Neurobiology IMPRS Ph.D. Program
